

BRUINS CODE CLUB

5th-8th grade

St. Charles School is proud to announce our first Bruins Code Club. Our first classes offered is Social Media. Students will complete projects in each of these classes using the code program Scratch.

- **Bruins Code Club: Social Media**

In Social Media, students create fun social media style applications and games while learning about the computer science concepts that enable these programs to work.

- **Social Media- Thursdays: (8 classes) 4/7, 4/14, 4/21, 4/28, 5/5, 5/12, 5/19, 5/26**

Time: Clubs will meet from 3:15-4:30 pm in the Computer Lab (Room #9).

30 students max. First come first serve basis.

Each club member will receive a passport to record their progress throughout the club. Certificates are distributed on the final club session. Students will have a digital portfolio of their projects.

Please fill out a registration form for each club of interest.

For *each* club there is a program fee of \$150 payable to Ms. Morales. (cash/check)

Thank you!

Ms. Techie M

Ms. Eilish Morales, Code Club Leader

Bruins Code Club: Social Media

Create. Code. Share.

Connect with friends and family through your own digital creations!

In Social Media, students create fun social media style applications and games while learning about the computer science concepts that enable these programs to work.

Use the computer to design social games, apps, and animations to share with friends, family and your community. Learn how you can use technology to be social and have fun!

No previous computer experience is necessary. The Bruins Social Media Code Club is social and fun!

Dates for Social Media Club:

Thursdays: (8 classes) 4/7, 4/14, 4/21, 4/28, 5/5, 5/12, 5/19, 5/26

Time: 3:15-4:30 pm

Location: Computer Lab

Program Fee: \$150 payable to Ms. Morales

30 students max. First come first serve basis.

Each club member will receive a passport to record their progress throughout the club. Certificates are distributed on the final club session. Students will have a digital portfolio of their projects.

Thank you!
