

Bruins Code Club: Storytelling

4th-8th grade

Create. Code. Tell Stories.

Create and share your own digital stories!

In Storytelling, students use computer science to tell fun and interactive stories. Storytelling emphasizes creativity by encouraging club members to tell a unique story each day.

Use the computer to design your own stories, create and share your own animations, and learn how technology is used in the film and media industry! Students will complete projects in each of these classes using the code program Scratch.

No previous computer experience is necessary. The Bruins Storytelling Code Club is social and fun!

Dates for Storytelling Club:

Thursdays: (9 classes) 9/15, 9/22, 9/29, 10/6, 10/13, 10/20, 10/27, 11/3, 11/10

Time: 3:15-4:30 pm

Location: Computer Lab

Program Fee: \$150 payable to Ms. Morales. (cash/check)

****30 students max. First come first serve basis.***

Each club member will receive a passport to record their progress throughout the club. Certificates are distributed on the final club session. Students will have a digital portfolio of their projects.

Thank you!

Ms. Techie M

Ms. Eilish Morales, Code Club Leader 818-508-5359, emorales@scb.school

Please complete and return registration form with payment by Friday, September 9th.
